

INSIGHT INTO UNIVERSITY

Thank you to our supporters:

HELP STUDENTS DECIDE WHETHER UNIVERSITY IS THE ROUTE FOR THEM

Insight into University is a comprehensive on-line course allowing students to experience STEM studies at university and the career opportunities that these subjects lead to. It will provide access to information on student life, STEM projects and activities set by leading UK universities and global STEM companies, first year undergraduate lectures, live interactive sessions with academics, admissions tutors, employers and current students.

Whether young people are interested in life sciences, chemistry, biomedical, forensic science, robotics, food science, electronics, engineering, physics, computer science, sustainability, materials science, aerospace, built environment, tech or maths, we have something for them. With specially developed content and live sessions from universities including University of **Cambridge, Sheffield, Lancaster, Abertay, UCL, Imperial, Oxford, Liverpool, Birmingham, Warwick, Kingston, Nottingham, Strathclyde**. We will also have some fantastic workshops and careers guidance from companies such as BP, GSK, GE, Tech Partnership, as well as many, many more.

The best part of this course is that students are not required to choose which subject area they want to study, as they will have access to all of them, and will be able to tailor a course that suits their interest.

INSIGHT INTO UNIVERSITY

RECOGNITION WITH INDUSTRIAL CADETS

On successful completion of the course, which involves 30 hrs of study, students will receive a Silver Industrial Cadets award and be in a position to make a more informed decision for their UCAS application.

The course will run from **20th June until 14th August 2022** and can be completed flexibly to fit around other commitments and study at a pace that suits individual circumstances. The course is open to all students age 16+ and is suitable for all academic abilities, with activities that cover different levels of advanced study. All that is required is a genuine interest in STEM subjects and inquisitiveness about what the future can hold for them and how they can help get themselves there.

Students can apply on our website:-

<https://www.etrust.org.uk/insight-into-university>

Cost: £75 towards the cost of administration and the Industrial Cadets Silver award. Bursary places are available.

What our students say

"I've absolutely loved every minute of this course. I found the live sessions in particular very inspiring and informative, and all of the taster lectures were both accessible and challenging. I'm really excited to continue with my STEM studies."

"This course absolutely helped me with my future education and career path. The way I was able to choose which activities or lectures I wanted to complete was undeniably useful as it meant I could tailor a course to suit me. This was a thoroughly enjoyable experience."

"I really enjoyed the course and feel much more confident in applying to university having done it. The live sessions were very interesting and I was blown away by the wide range of choice of sessions."

91%

of students felt that the skills and knowledge that they gained from the course will have a positive impact on their future studies and career.

84%

of students felt confident or very confident in making their future study and career choices after completing the online course.
